- Locations in Mt Juliet, Smyrna, Lebanon and Clinton, Tennessee.

Switching Banks is Simple with our Switch Kit

Our Switch Kit is a quick and easy way to close your current bank account and make sure all your automated deposits and payments move with you to Southern Bank of Tennessee. Our prewritten customized letters will help you manage the process of notifying companies that your bank account has changed, and even close your account with your former financial institution. Just use our attached letters or let any of our friendly staff help assist you with the process.

Letter # 1: Switch Your Automatic Payments

Complete this letter if you currently have a payment that is directly deducted from your former checking account. If you have several automatic debits, you will need to make multiple copies of this letter. Once completed, send the letter(s) to the company receiving the payment. To locate your routing number and account number, look in the lower left hand corner of one of your checks. The first nine numbers are Southern Bank's routing number and the next eight numbers make up your account number.

Letter # 2: Switch Your Payroll/Direct Deposit

Complete this letter if you currently receive direct deposit of your paycheck or any type of government payments deposited into your account. You will probably need a form from your company's Payroll Department. Please be aware that we can change your Social Security Direct Deposit much faster by calling the Social Security Administration – any of our staff members would be happy to assist you.

Letter # 3: Close Your Former Account

Complete this letter to close your previous checking account and savings account. Be sure to wait until all checks you have written have cleared your account and that all of your automatic deductions and deposits are being processed through your new Southern Bank account. Once this has occurred, send this letter to your former bank.
